

Family Information Update

We are updating our church information database and want to make sure the information we have for you and your family that is most current. Please help us by completing the information below. In order to utilize our database to its capacity, we need birthdates. We do **NOT** share this database information with anyone; but if you have concerns about identity security, at least a birth year will be helpful. We are missing many of these. Please don't assume because you've been part of the congregation for many years that we already have this information. Also, if you are visiting, but would like us to keep you updated on the life of this congregation, please do share your contact information with us.

This information will NOT be published or distributed. It is simply for us to make sure we have accurate information to contact you with things happening at church. With another flood looming, the church will be better equipped to stay connected both with those who need assistance and with those of you who would like to provide some assistance if we have cell phone numbers.
